Imation Apollo™ Pro Hard Drive

Encased in a professional, durable desktop design, the **Imation Apollo™ Pro 3.5" Hard Drive** is the perfect solution when you need additional storage capacity. Whether you're looking to safeguard business and personal information or simply need more space for music and photos, the Apollo Pro UX/EX delivers the performance and features you require.

A 3.5-inch form factor available in capacities up to 1.5TB, the drive features an innovative, integrated fold-down stand and low capacity/data activity LED display. Backups are quick and thorough thanks to the included one-touch automatic software that can be configured to meet your needs. The Apollo Pro UX is Mac- and PC-compatible with a USB 2.0 interface and features a power-save mode for periods of inactivity. The Apollo Pro EX features additional Firewire and eSATA ports for even faster connection.

Features & Benefits

Unique Design and Form Factor – Imation's Apollo™ Pro hard drive features an integrated stand for vertical or horizontal orientation and an easy accessible front-facing power button and a low capacity and data activity LED indicator.

Ultra-fast Drive Speed – The simple, plug-n-play format enables you to drag and drop files and transfer data from any computer with a USB 2.0, Firewire 800 and eSATA port.

Multiple Capacities – The drive is offered in high capacities of up to 1.5TB for your important documents.
